

WILDERNESS FIRST AID COURSE

Custom Tailored For Private Groups and Individuals

If you would like to request a custom tailored Wilderness First Aid Course with Mr. Hawke, please answer the following questions:

1. How many people?
2. When do you want the course to be?
3. How long do you want the course to be?
4. How difficult do you want the course to be?
5. What is the current experience level of all those attending?
6. What is the goal, objective, or end state intention for the learning?
7. Do you have a location?

If so, does it have (Check all that apply):

- Water Source Latrine Facility Shelter Electricity Fires Permitted

8. If you do not have a location, do you:

- Want a classroom environment with hands-on in class? OR
 Want an outdoor class with a field exercise? (Recommended option)

Once baseline is established, we can assess cost and give a price estimate.
Recommended 2-3 days but can do 1-day or 5-day courses.

You can get a CPR card if that training is requested and passed. All will get a WFA card upon passing written, oral, and hands-on tests.
